

### **This noise**

My finger refused  
To turn on the radio  
This morning.

Corona so tiny  
How much noise have you made!?

“The media is my Maxwell’s demon -  
I do nothing,  
The noise makes itself.”

Leaders make dire noises  
And then triumphant  
And then dire once more.

The news in continuo  
Numbers and nonsense  
Experts all.

Doctors have ducked  
They bore with facts  
Not exciting.

“Noise is what I need  
To spread panic  
And contention.  
Strike up the bandwidth!”

My finger trembles  
Searches quiet jazz  
Chet baker soothe my ears  
Make corona noise  
Mellow.
